TRAINING & PROJECTS

DIT UNIVERSITY | PROJECT TRAINEE

January 2023 – April 2023

- Designed a website of Hostel Management System using HTML, CSS, Javascript, PHP and MySQL for database creation and modification.
- This project was designed to manage the activities of Hostel Administration. It overcomes the disadvantages regarding Hostel Management when carried out manually.

May 2023 - Present

- Designed a website of a Confectionary Shop using HTML, CSS and Javascript.
- This project is my shop website that is a customer-centric e-commerce platform with a sleek design and engaging product descriptions.
- Through this website, I aim to enhance my skills and implement new technologies.
- This website is currently in the development stage.

OASIS INFOBYTE | INTERN

July 2023 – Present

- Designed a Personal Portfolio website using HTML and CSS.
- This project showcases my skills, services and projects in a visually engaging and user-friendly manner.
- Through this website, I aim to highlight my achievements and abilities while demonstrating my passion for creativity and innovation.

CERTIFICATIONS & AWARDS

- Java (Basic) - HackerRank.
- Problem Solving (Basic) – HackerRank.
- SQL (Intermediate) – HackerRank.
